Dear Parents/Carers,

Morang South Primary School prides itself on the quality teaching, learning and wellbeing programs that it has in place. We endeavour to cater for the wide variety of needs and interests of all the students in our care, aiming to provide a rich, engaging curriculum and a supportive learning community.

We would like to advise you of the details regarding the school's 2024 financial contributions and stationery packs. These contributions allow us to provide fully resourced learning programs, including sports, the arts, science, inquiry, enhanced digital learning opportunities, a quality library collection, building and grounds improvements, and various special curriculum experiences. The stationery packs provide your child with individual day-to-day resources for use.

Our Morang South Primary School community is very proud of everything we work to achieve together. The MSPS School Council has approved the 2024 Parent Contributions and Stationery Pack costs, considering both the affordability and purpose of these financial costs.

Schools provide students with access to free instruction in provision of the standard Victorian Curriculum and as such contributions are voluntary. Nevertheless, the ongoing financial support from our families ensures that collectively our community makes a significant difference in the lives of our students by providing them with the best education, programs and support possible.

Yours sincerely,

Jane Brayshaw
Principal

Dan Steadman
School Council President

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the requirements of the Curriculum. This includes the Victorian Curriculum F-10, the Victorian Certificate of Education (VCE) including the VCE Vocational Major and the Victorian Pathways Certificate.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
